

WORLD PARTNERSHIP GOLF IMPACT REPORT 2018

TAKE A SWING AT GLOBAL POVERTY

An initiative of Aga Khan Foundation Canada (AKFC), World Partnership Golf (WPG) is Canada's only national golf event dedicated to raising funds and awareness to fight poverty in some of the poorest and most remote communities in Africa and Asia. For almost 20 years, WPG's success has been fuelled by donors, sponsors and volunteers alike who believe that Canadians can bring about long-term positive change in the developing world.

🌐 YOUR IMPACT

Aga Khan Foundation Canada (AKFC) is an international development organization and registered Canadian charity that works in Asia and Africa. Committed to breaking the cycle of poverty, we help build strong, healthy, and inclusive communities where everyone has the opportunity to reach their full potential. We undertake these efforts with the generous support of tens of thousands of individual Canadians and Canada's private sector through World Partnership Walk and World Partnership Golf. Donations raised through these initiatives go directly to support our programs.

Thanks to you, more than 330,000 boys and girls are getting a better education.

Tanzania

Enthusiastic kindergarten students in primary school.

With the support of donations raised through World Partnership Golf, 32,349 health professionals and volunteers have been trained to promote good health in their communities.

Pakistan

Zahida, a midwife in Northern Pakistan.

23,857 parents and education leaders learned how to promote quality education for both boys and girls.

Uganda

Acidiri and his mother, Betty, read under a mango tree.

Stigma and views on masculinity contribute to poor health for men in Central Asia. Male community health volunteers provide health information for men and boys. This can help break down gender barriers.

Kyrgyz Republic

Kurbanaliev Abutalip plays with his son in a remote community in Kyrgyz Republic.

Thanks to your generosity, we supported 15 research studies on health, education, and early childhood development in the developing world.

Kenya
