# Hopscotch

## Instructions:

**1**  
Make the hopscotch grid on the ground.

**2**  
To start the game, have the child throw a small stone on square 1.

**3**  
Hop over square 1 & land on square 2. Hop on the other squares until you're back square 2. Bend over, pick up the stone & jump over square 1.

**4**  
The next person should throw their stone on square 2 & repeat the process.

**5**  
Keep playing while alternating turns & throwing your stone on a different number until the stones have been placed on every square.

# Puzzle Making

## Instructions:

1

Draw a colourful picture on a large sheet of paper.

2

Cut each picture into at least 50 various puzzle pieces.

3

Put the puzzle pieces into their own bag & shake to mix up the pieces.

4

Exchange the puzzle bags with a friend.

5

Now have fun remaking the original picture!

# Start Your Own Shop

## Instructions:

1

You can play different characters - the buyer, cashier, attendant or the security guard.

2

Categorize & sort the items in the shop by putting price tags on each item.

3

As the shop owner, create sales or offers for the items & encourage shoppers to buy them.

4

Practice words like welcome, after you, please, thank you, goodbye, etc when role-playing.

# Map of the Neighbourhood

## Instructions:

1

Talk about what a map is with your friend - how it is used & what information it has. If you have one, look at it & discuss it.

2

Draw a map of your neighbourhood. Include familiar landmarks on it such as shops, playgrounds, a friend's or neighbour's house, school, etc.

3

Check the map's accuracy. Take a walk around the neighbourhood to check that the information on the map is accurate & make corrections if needed.

# Talking Ball

1

The one who starts with the ball should act out an action word (a verb) e.g., bring hands together, open hands, repeat quickly.

2

The other people should try to guess the action. Keep guessing until someone gets it right. Once correct, the one with the ball throws it to the second person.

3

Continue the game until everyone takes a turn or until each player has had five turns. How many different verbs did each player guess correctly?
