2025 Impact Report

AGA KHAN FOUNDATION
CANADA

Thank You for Driving Change

Every year, World Partnership Golf brings together a remarkable community of leaders, businesses, and supporters who believe that opportunity should not be limited by where someone is born. Through the generosity and commitment of our community, this tournament continues to demonstrate what is possible when we come together around a shared purpose.

This year, your participation helped strengthen a movement that has now raised more than \$20 million in support of Aga Khan Foundation Canada. Behind this milestone are countless lives changed through improved access to education, healthcare, economic opportunities, and climate resilience in communities across Africa, Asia and the Middle East.

While we celebrate this achievement, what inspires me most is the spirit behind it. Every participant, every sponsor, every volunteer, and every donor has contributed to something far greater than a single day on the course. Together, we are investing in locally led solutions that empower communities to build lasting change and create brighter futures for generations to come.

As we look ahead, I am excited by what we can continue to achieve together. Thank you for being an essential part of a community that believes lasting progress begins with partnership.

Farah Bundeali,
National Chair,
World Partnership Golf

About World Partnership Golf

World Partnership Golf is Canada's only national golf tournament dedicated to raising funds and awareness to help fight global poverty. Held annually in seven cities across Canada, the tournament brings together business leaders, community members, sponsors, and volunteers who are committed to making a difference.

Each tournament transforms a day on the course into an opportunity to support meaningful change, demonstrating how sport can inspire generosity, strengthen connections, and rally people around a common cause.

Since its inception, World Partnership Golf has shown what's possible when Canadians take action together. Every round played and every dollar raised helps expand opportunities and build brighter futures for communities around the world.

About Aga Khan Foundation Canada

Focus Areas:

-  Agriculture and Food Security
-  Climate Resilience
-  Civil Society
-  Early Childhood Development
-  Education
-  Health and Nutrition
-  Work and Enterprise

Aga Khan Foundation Canada (AKFC) is a leading global development organization working to tackle the root causes of poverty.

Since 1980, we have helped create strong community institutions in Africa, Asia, and the Middle East that support sustainable, locally driven initiatives to improve the lives of millions of people. In Canada, we strengthen our global connections by bringing together passion, expertise, and support.

With our partners, in Canada and globally, we are building a future where we all thrive together.

AKFC and the UN SDGs

AKFC takes a holistic approach to global development. Aligned with the UN Sustainable Development Goals, AKFC works across sectors to support individuals and communities in their pursuit of a better quality of life.

Where We Work

Rooted in the communities where we work, Aga Khan Foundation's global staff have unique insights into the complex challenges people face today, as well as opportunities for tomorrow. By combining local knowledge with global best practices, we strive to bring about transformative and long-lasting improvements to quality of life.

This map shows some of the places where AKFC works with communities to build a future where we all thrive together.

A Champion for Newborn Care

Dr. Ashraf works at the Skardu Regional Hospital in northern Pakistan.

With no specialized care for newborns at the hospital, many did not survive the first few critical days after birth. But after attending workshops on newborn care, Dr. Ashraf led an effort to revive the hospital's neonatal intensive care unit.

Today, the unit is saving lives. He and his team also train staff at other hospitals in the region, so that more babies will get the support they need to survive and thrive.

“When I returned [to Gilgit-Baltistan] after my studies, there were only three child specialists in Baltistan. Now, there are ten in my department.” - Dr. Ashraf

1 NO POVERTY

3 GOOD HEALTH AND WELL-BEING

Threads of Hope

Lalao is an artisan in Madagascar.

After her husband passed away, Lalao struggled to support her three children.

Through a community organization, Lalao learned how to craft raffia bags, which are sold by a local fashion brand. With a stable income, Lalao plans to support her daughters' education and to purchase land to build her own home.

She also hopes to continue refining and expanding her textile skills and share her learnings with other women in her community.

"I believe in the importance of empowering and uplifting fellow women, and I see this as an opportunity to contribute to the growth and success of others." - Lalao

Dr. Ashraf's and Lalao's training programs were funded by Global Affairs Canada and AKFC — with support from people like you.

Tournaments across Canada

Golfers, sponsors, volunteers, and partners came together across Calgary, Edmonton, London, Ottawa, Toronto, Waterloo, and Vancouver to drive lasting change. Together, you demonstrated the impact that's possible when people unite around a shared purpose.

Your support is helping create opportunities for communities around the world. More than a day on the course, this year's tournaments were celebrations of partnership, generosity, and the difference we can make when we come together.
